

MOVE TO THE WHEAT OF YOUR OWN DRUM

2022 **Feels Good.**
MADE WITH GOOD MATERIALS & GOOD INTENTIONS

WHY WHEAT?

Wheat is one of the world's most widely cultivated crops. Cereal waste product is an annually renewable fibre and is available in abundant volume throughout the world. Biocomposite materials create a huge opportunity for a healthy and safe environment by replacing artificial plastic and materials with natural ingredients in a variety of applications!

WHEAT FOR THE WIN
