INSPIRED GIFTING

It's happening! Time to create perfect kits for the gifting season. These kits embody the meaning of 'thoughtful and memorable' - where beautiful style comes together with functionality & personalization to create the ideal gift.

Are you looking to show employee or customer appreciation? To facilitate travel, support mental health & fitness goals, or give a warm welcome to new

team members? Whatever the goal, browse this look book and be inspired!

We've got you covered when it comes to building an all-encompassing and memorable gift experience. Delivering joy through merch is one focus, but added to that we also recognize the importance of giving back. Before we step into our curation of inspiration, let us introduce you to our give back initiatives.

GIVE BACK

Our deliberate choices today help us have the kind of social impact that matters for tomorrow.

At Spector & Co. we are conscious of the need to take care of each other now, and for the future. Purposeful in our efforts to be more green, we constantly look for & apply innovative solutions that generate less by-products & overall waste in our operations.

At the same time, our newest actions lie in contributing directly to non-profit organizations through the sale of our merchandise. When you choose our unique products from the Ashbury Renew and Ora Natural collections, you can feel good knowing that we're donating where it matters.

OCEAN CLEANUP

ASHBURY - GIVE BACK BAGS

Plastic is a big problem that increasingly impacts our health, ecosystems, and economies. Reducing our environmental impact can be difficult, but it's incredibly important, and that's why we're doing our part with Ashbury bags. 1% of sales from our Nomad Must Haves Renew collection will be donated to a non-profit organization that has undertaken an ocean cleanup program. They have set out to remove 90% of floating ocean plastic, and are committed to developing and scaling technologies that rid the oceans of plastic by closing the source and cleaning up what has already accumulated.

WHY THE NOMAD MUST HAVES RENEW COLLECTION?

Modern materials meet modern usages with Ashbury's Nomad Must Haves Renew collection. Their understated styling and multi-functional nature perfectly support today's new nomad. What's most important is that this collection focuses on circularity, and the idea of protecting and preserving our Earth by introducing bags that are made from at least 50% recycled water bottles and other materials.

ONE TREE PLANTED

ORA - GIVE BACK BOTTLES

Taking care of the environment is a priority, and here at Spector & Co. we're taking action. We're excited to announce our partnership with worldwide non-profit organization One Tree Planted. Since 2014, One Tree Planted has planted over 40 million trees in over 47 countries. We are proud to be a partner that will contribute to a healthier climate, protect biodiversity, and help reforestation efforts across the globe.

YOUR PURCHASE MAKES A DIFFERENCE

When you purchase an item from our Ora Natural collections, we will donate a portion of net sales to encourage reforestation of the planet where it matters most. Every dollar donated will result in one tree planted to help the Earth.

ONE DOLLAR. ONE TREE. ONE PLANET. ONETREEPLANTED

ORA YOU READY FOR NEW BOTTLES?

Dazzling finishes and a brand-new silhouette headline this new Ora product drop! Our exclusive Ronan finish is now available on a couple of Ora favorites. This woodgrain pattern with a unique textured finish is now offered on the Trend Setter and the Mean Muggin'. We've also expanded the Reflection lineup! We've modified the Cruise Control and the Small Talk to support one of your much-loved branding techniques. To top it all off, the new Tall Muggin' takes center stage for this drop. It's your favorite mug made taller with an added TrueTaste ceramic lined interior. This is drinkware with personality!
