

# WÊ'RE YOUR **BRAND'S** BEST FRIEND.

At Spector & Co. we strive to be leaders in providing innovative solutions, building solid relationships, and offering a variety of focused, high-quality products. We partner with our distributors, providing the advantage of utilizing our tool kits, marketing resources, and expert advice in design, trends, and industry knowledge.

For over the past 70 years, we have established ourselves as a dynamic and leading North American supplier of promotional products delivering exceptional solutions from start to finish.

## **Speed Round!**

Get to know us with the help of these Spec-tacular tidbits.

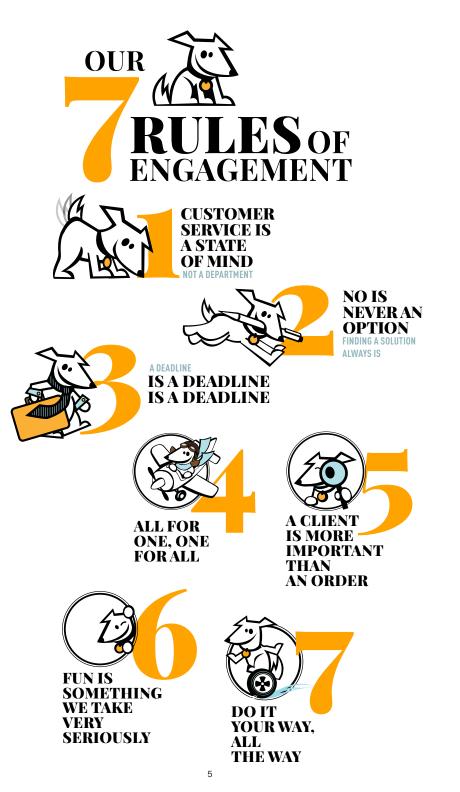

# "Spector" is the vision, "& CO." is what makes it work.

Our team spirit is summed up by one symbol and two letters in our name: Spector & Co.

"& Co." stands for colleagues and collaboration. "Spector" is the vision, "& Co." is what makes it work. When you put the two together you get a team, the Spector & Co. team! Our business is helping brands look their best, acting as an extension of our customers' marketing departments. We all work towards a common goal, with our competitive edge being team spirit and continuous collaboration. On top of it all, our seven rules of engagement guide us on our path to success.

You may have noticed Spec the dog running around these pages! Spec isn't just a logo or a mascot, he truly represents the way we relate to our customers and employees – the way we create lasting partnerships with them. Loyalty, reliability, determination, and friendship —at Spector & Co., we may be only human, but we have all the fine qualities of our dog, **Spec**!

# **BRANDING IS EVERYTHING**

Take product to the next level with **bold**, **beautiful**, and **innovative branding solutions**.

### BRANDSHIELD

BrandShield is a type of patch used popularly on bags, journals, drinkware, and travel accessories. Its standout feature is the metallic shine provided by the foiled base materials! The design is digitally created and printed on a metallic sheet before being embossed by a press. From there, the finished BrandShield is sewn onto our various products with high-quality needlework.

### BRANDPATCH

BrandPatch incorporates all the depth and texture of BrandShield without the shiny finish! It's a versatile solution as it comes in a wide range of colors and shapes. Opt for a subtle tone on tone look or a blast of color with 4-Color Process. BrandPatch gives a simplistic yet elevated look and feel.

#### FULL COVERAGE DEBOSS & INDENTED DOME

Full Coverage Deboss with Indented Dome combines the two techniques, 4-Color Process and Deboss, to create a clean and dynamic look. A vast arrangement of hues combined with the simplistic impression of a design displays your brand with effervescence.

## REFLECTION BRANDING

Reflection branding is all about making a statement, a statement that catches your eye with the help of glimmer and shine!

How is the look achieved? We use a precise laser to remove a top layer, revealing a shiny undercoating. This undercoating matches the accent colors of select products for Ora drinkware, Spectech, and Spector writing instruments.

For our Scribl books, a metallic foil is used to achieve the same effect. Reflection branding makes it easy to mix and match and create a consistent and unified kit that speaks volumes.

# **EMPOWERED** BY INNOVATION.

At Spector & Co. we embody continuous innovation, the initiation of large-scale initiatives, and the fostering of a "can do" attitude.

Year after year, we internalize more processes and adopt the latest technologies to provide our customers with the best selection and fastest, most reliable delivery. For example, we leverage our technology with our team's multidisciplinary creative approach, aiming to reduce staff processes and shorten learning curves, improving our overall quality and order turnaround times. We also use a specific array of equipment to assimilate traditional binding to effectively respond to the promo MOQ's and large order peaks.

We have also recently introduced near field communication (NFC) technology and mobile connectivity within many of our products, increasing the digital footprint and functionality of any promo campaign. Additionally, our factory is hard at work 24/5 to ensure your order is on its way to your destination within 48 hours. We make this possible

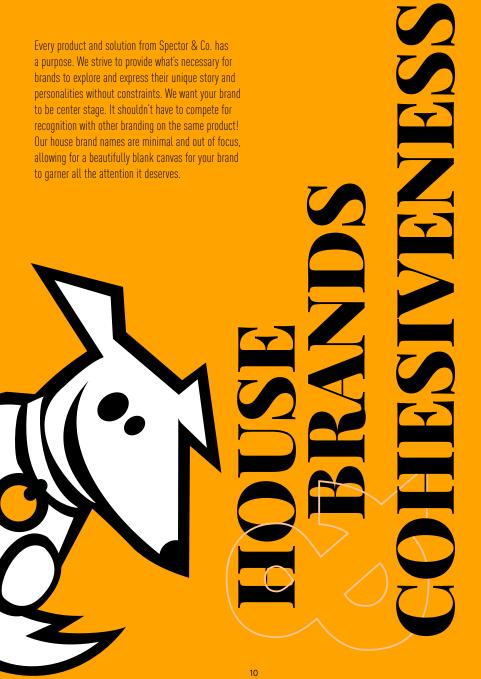

through Rocket Service, available at no additional charge on all designated catalog quantity orders and decorating methods.

On the marketing side, we have heavily invested in 3D technology. This gives us the ability to provide our customers with detailed 3D renders, interactive models, and immersive virtual showrooms. We now have the freedom to showcase products like never before, accelerating product knowledge and enhancing the ideation process for our customers.

These are just a few innovations that improve the way we do business and the way we work towards the ultimate goal – customer success.

Every product and solution from Spector & Co. has a purpose. We strive to provide what's necessary for brands to explore and express their unique story and personalities without constraints. We want your brand

A part of our value stems from our exclusive house brands that are created and bred under the Spector & Co. roof where we dictate the quality and cohesiveness right from inception. We develop collections, products, and kits that work harmoniously in color, materials, decorating, and concepts to allow brands to establish who they truly are.

# SPECTOR SUPPORT - IT'S A STATE OF MIND

More than customer service, we provide you with Inside Account Managers and Strategic Account Managers. You will be assigned a specialized support team working as an extension of your own company.

From start to finish and beyond, the team has your back. Your Inside Account Manager is always a great place to start your project or order with Spector & Co.

Our team has real-time access to our current production capacity and timelines by product category and decoration methods as well as enhanced pricing and inventory information. We're by your side every step of the way including logistics, in-house order management, post-order follow-up and resolution, and new opportunity development!

# How else can we help?

- Get a quote, a virtual, or a sample.
- 🚵 Coordinate a project.
- Problem resolution.
- Mobilize other members of our team to bring added value when you need it.
- Manage production and delivery information with customer service - related requests.

Our Strategic Account Managers maintain a constant stream of communication with you, building upon ideas, opportunities and facilitating the entire process. It's the consistent collaboration that makes the difference! This collaboration involves assessing your needs, focusing on generating impactful ideas, and education on new innovative products and branding solutions for your project.

Our support teams add value to your daily operations with expert advice, deep knowledge of product trends, and the guidance to help you succeed. <sup>BOLD</sup> AWARD presented to SPECTOR & CO.
