## PLEASE NOTE:

- There may be slight inconsistencies in the positioning of the liner pages due to the slight size variations within the journal batch.
- The finished liner will have a white border on each page to avoid creases around the fold of the book.
- Prior to production, an electronic proof will be sent for your approval.
- Dark/solid color background is not recommended because there will be a variation in the tint on the heat transferred liner pages.
- Light color background are recommended for a clean & consistent result.

## ARTWORK SPECIFICATIONS

- Digital artwork **MUST** be sent in a high resolution PDF file (a separate file for each imprint) and should be in CMYK mode at a minimum resolution of 300 dpi (600 dpi recommended for better results), sized at 100%.
- Please respect the parameters of this template and be advised that failure to provide artwork to the specifications listed above may result in production delays.
- **PLEASE REMOVE THIS STAMP AND ALL SPECIFICATION INFORMATION BEFORE SUBMITTING YOUR ARTWORK.**
